ANNOUNCEMENTS AND GUEST RECOGNITION

- Mr. David Barber, Prescott House Child Advocacy Center, introduced Ms. Mary Beth Thomas, Director of the Prescott House. Mr. Barber thanked the Council for their continued support of the Prescott House. They celebrated their 32nd anniversary. He stated that he will be retiring at the end of the year after 32 years of service.
- The Mayor stated that we had around 15,000 people at Celebrate Hoover Day. This was a great event and the weather was outstanding.
- The Mayor stated that the Tier II Bill passed in both the House and the Senate and is going to Governor Ivey to be signed. This will be beneficial to new employees. Mayor Brocato has asked the finance department to look at this and determine costs with hopes of putting in the budget.
- David Bannister, Neighborhood Bridges, started about 4 months ago and came out of Leadership Hoover. Neighborhood Bridges allows the schools to utilize ways to get the needs of students out to the community. Mr. Bannister said they have 45 counselors in 17 Hoover schools. Mr. Bannister recognized Donna Bishop as the person that runs Hoover Helps and Neighborhood Bridges. Mr. Bannister said this is done with the help of the SRO Officers, the Counselors, and the Fire Department. Mr. Bannister said in 84 days they have helped 414 school children in the Hoover City School district and they have had 913 people request to help them. Have over 3000 people that have offered help. The Fire Department has made 90 plus deliveries to the school system that have been dropped off at the Fire Department.
- Robert Macke, Zoning Inspector, stated that two properties are now in compliance that was previously listed in Resolution Number 5993-19 on Thursday. The following properties are in compliance and are no longer included in Resolution Number 5993-19:

**RESOLUTION NUMBER 5994-19**

A Resolution Authorizing The Mayor To Enter Into An Agreement With Aldridge Gardens.

Mr. Rice explained the request along with changes to the agreement for Resolution Number 5994-19. Mr. Rice explained that there were some changes to the agreement as follows:

Page 2, Section F, the words repairs and maintenance were struck because this is under the section of responsibility of the Aldridge board going forward once they have made improvements to the repairs and maintenance.

Paragraph that starts “in addition to the words commencing no later than September 30, 2022.” This defers the payment of the management fee by two years.

Section 7 shows the responsibility of the City.

Page 4, number 8, Section b- there were a couple of wording changes to clarify.

Page 5, number 8, Section b continuing- some of the language was inserted concerning insurance.

Section C of page 5- the word construction was inserted to clarify the contractors and subcontractors.

Page 6, Section 12 - on the conflict resolution, Mr. Rice wanted to stipulate that two members of the City Council are designated as liaisons to the Nonprofit. Two members of the Council will be on the Conflict Resolution Committee.

Mr. Smith asked Mr. Rice to explain why there is no indemnification of the city to the foundation.

Mr. Rice explained that after review with the Attorneys, under Alabama Code, a municipality is adjoined from extending indemnification to a third party private entity using public funds so they couldn’t use city funding to indemnify a private 501c3 board.
Mr. Smith asked if there were any other responsibilities on the city that may not be listed in agreement.

Mr. Rice giving credit to Mr. Yeager did review and confirm no obligation of the city or anything that would be damaging to the trust document.

**MOTION**  Motion to approve Resolution Number 5994-19 was made by Mr. Lyda, seconded by Mr. Greene.

Mr. Smith opened the floor for a public hearing. There being no one to address the Council, Mr. Smith closed the floor for the public hearing.

Mr. Smith called for the question with a voice vote and the motion carried adopting Resolution Number 5994-19.

**CONDITIONAL USE APPROVAL**

Public hearing to consider the request of Mr. Bart Styes is requesting *Conditional Use* approval for hosting ticketed and private events, such as receptions, live entertainment, and such, to be held at their new coffee shop, Wild Roast Café, located at 585 Shades Crest Road. Mr. Noel Allen is the property owner and the property is zoned C-2 (Community Business District).

Ms. Danielson read the conditional use approval.

Mr. Smith opened the floor for a public hearing. There being no one to address the Council, Mr. Smith closed the floor for the public hearing.

**MOTION**  Motion to approve the conditional use request was made by Mr. Shaw, seconded by Mr. Greene with the condition that the hours for live entertainment are limited to 6 p.m. to 11 p.m.

Mr. Martin explained the actions taken by the Planning Commission included limitations on hours of operation and the hours for the live entertainment.

Mr. Bart Styes stated that he wanted verification of what would be and what would not be allowed because he has had people ask about trivia events and other events.

Mr. Martin explained allowable uses and stated that he could call him with any questions.

Mr. Smith called for the question with a voice vote and the motion carried adopting the conditional use approval.

First Read

Set public hearings for Monday, May 20, 2019, at 6:00 PM:

- Ordinance Number 19-2432 – An Ordinance Amending Of The City Of Hoover, Alabama Amending The Municipal Code Of The City Of Hoover, Alabama To Regulate Smoking In Public Places And Workplaces And Electronic Smoking Devices. 1st Read

Ms. Danielson read Ordinance Number 19-2432.
Mr. Posey stated that this is quite an old issue and in the beginning conversations around 2017, the city was getting ready to open the Finley Center and was looking at expanding on the park properties and the ordinance in place did not have anything dealing with e-cigarettes. Mr. Posey said they were looking at public spaces and the vaping. Mr. Posey stated the next conversations were around November 2018 when this ordinance was drafted and what this ordinance does is add language about vaping to the existing language that was already in place in the current smoking ordinance. The original intent for the amendment to the smoking ordinance was different than what has been presented today. Mr. Posey feels the restrictions should be on e-cigarettes and vaping and not to impose restrictions on current businesses that operate and allow smoking and vaping.

Dr. Middlebrooks stated that the amendment was started in 2017 and stalled. The proposed amendment comes in line with surrounding municipalities. Dr. Middlebrooks said he contacted Ashley Lierly with the American Lung Association and Dr. Wally at Children’s Hospital and both are experts in helping municipalities in drafting similar ordinances. The City of Hoover should be a leader and protect the health and safety of its citizens. The intent is not to harm businesses, but to promote the health and safety of citizens. The proposed ordinance states that existing retail stores would be grandfathered.

Mr. Smith stated that if changes should occur within the proposed ordinance then it would require another 1st read.

The following people spoke in favor of the proposed Ordinance:
- Ashley Lierly, American Lung Association 1637 Montgomery Hwy, Suite 104 resides in Mountain Brook but their business is in Hoover. The American Lung Association strongly supports comprehensive smoke free policies that protect everyone that are subject to second hand smoke in workplaces, restaurants, and bars. There is no safe level to exposure to second hand smoke and she is excited the Hoover City Council is taking a stance on this public health issue.

Mr. Smith asked Ms. Lierly a question on other than electronic cigarettes and vaping devices, where does she identify deficiencies in the current smoking ordinance.

Ms. Lierly said the current ordinance allows for ventilation systems for workplaces, restaurants and bars and allow smoking in hotels and motels as well limos under private hire and private offices. The proposed ordinance would make these places smoke free.

Mr. Lyda stated that Ms. Lierly had done her research and he is a firm believer in the business community but individuals are designated to determine and make decisions on their own. The free market is designated to determine and make decisions on their own. Mr. Lyda wanted to know of the businesses Ms. Lierly named, how many allow smoking today.
Ms. Lierly said a lot of hotels have chosen to go smoke free and there are a couple of hotels that still allow smoking and a bar that allows smoking. Mr. Lyda spoke of a businessman that is not a smoker but he saw an opportunity to open a business and he wants to know why a government would want to step in and tell a business owner that they can’t have smoking.

- Dr. Mark Wilson, Jefferson County Health Officer- stated his responsibility is to protect and promote health for all Jefferson County including Hoover residents. His address is in Birmingham, actually the Health Department address that is in three different locations in Jefferson County. Dr. Wilson is speaking on behalf of the Board of Health and the community. Dr. Wilson applauds the Council for including in the ordinance vaping products and cigarettes but feels other loopholes should be closed dealing with bars and hotels. Dr. Wilson feels Hoover should have a strong ordinance in place going forward to protect the public and workers in these venues.

- Jan Bell, Children’s Policy Council-a Hoover resident. Ms. Bell wanted to speak on behalf of the Policy Council when she heard about this ordinance and show her support for the ordinance. Ms. Bell stated that smoking kills and causes a lot of deaths in the United States. As a resident of Hoover, she is proud that Hoover is considering doing this ordinance.

- Darlene Traffanstedt- is a former Hoover Resident and a former small business owner as well. Ms. Traffanstedt wanted to speak on behalf of the children of Hoover. Ms. Traffanstedt shared some statistics from the CDC. Ms. Traffanstedt stated that between 2017 and 2018 there were 1.5 million more youth e-cigarette users in the country and 5 million youth are current tobacco users. The users of tobacco products between the years of 2017 and 2018 have grown by 38%. Ms. Traffanstedt thinks it is great the City of Hoover is addressing this issue.

- Mr. Shaw commented that he appreciated all who was present there at the meeting and he has also lost family members to smoking related illnesses. Mr. Shaw asked what is it that they are trying to solve here and what has been discussed so far is bars and hotels. Mr. Shaw feels this is very overwhelming and does not think the city should be passing legislation on this statement but should be making good policy like the original ordinance.

- Susan Wally, Pediatrician at Children’s Hospital and a Vestavia Hills resident. Ms. Wally is here to support children because they have no choice and no voice. Children are hospitalized related to respiratory issues like asthma and pneumonia and second hand smoke is a strong risk factor for those things.

- Mr. Smith asked Ms. Wally to explain the difference of people vaping CBD and what does it do to people.
Ms. Wally said since there is not much regulation on this, she is not sure what it does to people.

The following people spoke in opposition of the proposed Ordinance:

- Randy Toffel, Vapeology- speaking on behalf of his business and he feels this ordinance will kill his business. Mr. Toffel said his business is to tell people to stop smoking and in five years they have helped almost 4,000 people stop smoking. Since the moratorium, Canada and now New Zealand who had outlawed vaping have turned around because of public health in the UK which is at a minimum 95% less harmful than smoking. Mr. Toffel said he smoked for 26 years and is now in the 90 percentile of lung capacity six years after having stopped smoking and he vapes every day. Mr. Toffel wants kids to be protected but feels that will happen by enforcing laws on businesses that sell to underage kids.

Mr. Posey suggested it would be better if the Council received this earlier to be able to review and ask questions before meeting about it.

- Robin Schultz, 348 Albemarle Drive. Mr. Schultz asked where the line will be drawn on telling businesses what they can and cannot do. Mr. Schultz said this is one of the most progressive things he has heard and feels this is not leadership. Mr. Schultz said he is an ex-smoker but does not feel people should be told what they can or cannot do. Mr. Schultz said he has children and grandchildren and if he feels a business is going to pose a risk to their health, and then he would not take them there to that business.

- Devonna Taylor, Al Rime Village Apartments-Her concern is when do you determine when the smoke does have an impact on users and nonusers and if tests are being used, what test are being used to measure the amount of smoke that would cause cancer. Ms. Taylor believes in merchants and free enterprise. Ms. Taylor also mentioned about other municipalities passing a similar ordinance and wanted to know what were their prior lung cancer rates prior to their ordinance and what are their rates now that the ordinance has been passed. Ms. Taylor wanted to know if there was any reference on that.

**COMMENTS/QUESTIONS**

The Mayor announced the following successful recent events:

- Celebrate Hoover Day
- Cricket Tournament
- Hazardous Waste Day

Mr. Smith wanted to congratulate Destination Hoover on their Cricket tournament over at the Hoover Met.
Mr. Lyda announced that Jon Anderson, Hoover Sun, recently completed his first marathon, the Rock ‘N Roll Marathon in Nashville, Tennessee.

The following upcoming events were announced:
- The Mayor’s Prayer Breakfast
- Regions Tradition Golf Tournament is back at Greystone
- Hoover Neighborhood Bridges – Presentation in Point Clear, Alabama in June

The following person spoke at the meeting:
- Crisse Franco, 657 Trace Crossings Trail - spoke at the last meeting and wanted to know the status of the roads.

Mr. Smith said that project is nonexistent and not going to happen.

Ms. Franco said she wanted to know because a petition went around in her neighborhood and she was misinformed by neighbors that it was going to happen anyway.

There being no further business, the meeting was adjourned at 7:36 p.m.
