

Mayor Frank Brocato's Statement Concerning Shelter in Place

“The City of Hoover will continue to be in compliance with the orders handed down by the Jefferson County Health Officer. We urge Hoover residents to also comply with those same orders and use common sense as it relates to their health, safety and protection against the COVID-19 Virus. There are many sacrifices being made and it is incumbent upon us to follow those orders so our community can return to normal. At this time, the City of Hoover has no plans to enact a shelter in place ordinance, but we do urge everyone to continue with all precautions including social distancing and limitation of activities outside your home.”

Frank V. Brocato
Mayor of Hoover
